Stewardship Report Stewardship is wa way of life - a graciousness by which I return to God a portion of what God has lavished on me.

The stewardship offering for Sunday, June 2: \$10,796.00 The weekly budgeted amount from plate and envelope is \$10,000. We are behind the target amount for this calendar year \$782.14 per week. So far this calendar year, we are behind \$17,207.08.

Youth Treasure: \$22.30 **St. Matthew's School:** \$1,161.64

Thank You to the St. Matthew Rosary Society/CCW for the purchase and installation of 2 industrial fans for the Social Hall. Thank you for your stewardship and generous giving.

Dear Saint Matthew Community and Visitors:

Thanks to the generosity of almost 400 households and individuals and community groups the Saint Matthew Building For Today ... Visions For Tomorrow Campaign is prepared to begin the first phase of our restoration and renovation project.

On the morning of Tuesday, May 28th the Saint Matthew's Community Capital Campaign Transition Team met with John McNamara of Wold Architects and Engineers to approve the summer scope of work. (SMCCCTT members: Scott Breimhorst, Ray Burrows, Hugh Cosgrove, Bob De Nardo, Colleen Erickson, Jim Fennell, Stella Lunquist, Liz Staples, Marian Wolters, Art Staples, Stephen Adrian.)

The following items were decided upon:

The bid for window replacement on the historic building, all the windows except for the 4th floor windows, was awarded to Val-Pro, Inc. in the amount of \$109,745. This amount does include a \$5,000 performance/bid bond. The windows will be installed prior to August 15th.

Building Restoration Corporation was awarded the bid to tuck point and wash the exterior of the Historic School building. The exterior work will begin on Monday, June 10th and will be completed before the start of school. The cost of this phase of the external work is \$108,189. I am looking for a donor or donors who would be willing to pay the \$47,000 to have the tower and cupola done at the same time. If this can be accomplished we can achieve great savings -- only one set up, scaffolding, etc.

In the late summer and early fall an elevator will be installed in Saint Matthew's Church, and the washroom on the main floor will be made handicapped accessible. This work will be considerably more costly than first anticipated.

Saint Matthew's, like much of the West Side, is built upon an old quarry. When the mining of the quarry ceased, the quarry was filled in with fine sand, debris from the quarry excavation and other debris gathered from throughout the neighborhood. The ground is not compact and springs of water flow easily beneath the surface. In order to accomplish the elevator project the site will have to be "de-watered". This process is quite expensive, but necessary, in that the elevator shaft must rest on bedrock and be free from water. The elevator project and the desire to make our restroom on the main floor of the church accessible to people with disabilities and bringing the exterior ramp of the church up to code will cost \$200,000.

To date \$597,903.59 of the total pledged monies of \$1,048,670.14 has been received and deposited. Thank you for your generous pledges and your payments of those pledges. The quicker the pledged amounts are paid the quicker we can do the projects.

If you chose not to make a pledge or gift during the active parish solicitation, I invite you now to consider a serious pledge and/or gift to the parish Capital Campaign.

The summer school project will be completed in time for the Festival and the All School Reunion in September.

I am deeply grateful to the donors and the Transition Team for making this first phase of our renovation possible at this time.

Yours sincerely,

Stephen Adrian, Pastor
